

## Periodical Test Notice

Dear Parents & Students,  
Salam!

The board has advised measures for a comprehensive evaluation that takes care of the all-round performance of the students in Class-IX and X. The schools have also been asked to maintain a digital record of their performance scores both for Class-IX & X.

Accordingly, we have taken a measure and devised the following structure for assessment as given below. You are requested to go through each term marks break-up with respect to the description given.

### Structure of Assessments for Classes IX & X

**Note:** 1. Numbers given in brackets are suggestive of the marks allotted for each assessment component.

2. The same structure is applicable to all subjects except 6<sup>th</sup> Subject (Computer/Commercial Applications) where the project is of 100 marks in total and the Question Paper shall be of 100 marks as well. The periodical assessments for 6<sup>th</sup> Subject will however be the same as other subjects.

3. The final performance report will have a reflection of all the above assessment components. It is, therefore, important that the students score on all fronts as the same will be forwarded to the council for final calculations.
